

## Bulletin – Australia Covid Restrictions / Lockdown

### PLEASE BE ADVISED OF THE FOLLOWING INFORMATION:

Please see below the latest update on the current AU COVID restrictions / lockdown.

#### **NSW**

Due to the ongoing number of cases of COVID cases, the NSW Lockdown remain in place till 30th July 2021, New restrictions on the movement of people have been implemented in NSW over the last 48 hours, I expect there will be some delays to the Sydney operation due to the increased restrictions, operations are continuing.

#### **VIC**

The current lockdown it expected to be extended till the 27th of July further details to be provided in the next 24 hours, the conditions are being regularly reviewed and further determination on the lifting of restrictions will be made by the end of the week.

#### **SA**

The recent NSW outbreak of COVID cases has seen some cases detected in South Australia as a precaution some travels restrictions are being implemented immediately for the next 3 days until the 23rd of July.

#### **TAS / QLD / NT / WA**

Currently no lockdown / restrictions are in place.

- Operations are continuing but under COVID delivery protocols of contactless delivery, although some delays may be experienced during this time.
- Interstate borders are restricted for people travelling between states. Whilst this doesn't directly relate to freight movements it is expected there will be some delays when crossing at the road border check points.

Further updates will be provided as the situation changes.
