

Bulletin – New Zealand Lockdown Delays Update

PLEASE BE ADVISED OF THE FOLLOWING INFORMATION:

New Zealand still remains in Level 3 with the Auckland regional borders still closed to everyone except essential services. This has also been extended to cover the Waikato region just South of Auckland and includes the main city of Hamilton.

Retail remains shut, except for on-line and click & collect.

The rest of New Zealand remains in level 2 with all businesses open but with restrictions on numbers. Nothing is set to change until vaccination levels hit 90%. This is expected to take another few weeks.

There are continued delivery delays of 2 - 4 days in Auckland. For the rest of New Zealand expect 1 – 2 days delay. Our delivery partner NZ Post has huge backlogs so rural deliveries and PO Box addresses are up to 7 days behind. The biggest issue is a general lack of staff and drivers, and 50% additional volume. This is effecting all delivery networks.
